WE ARE DISTRICT 2

District 2 is a diverse community with six unique neighborhoods: Bay Point, Morningside, Brickell, Coconut Grove, Downtown, and Edgewater.

As Commissioner, I will work with each neighborhood to address local issues and unify district issues as a whole.

Downtown

Downtown Miami is a neighborhood known for its vibrant and bustling atmosphere, blending of business activity and beach life, Caribbean flare, and Latin American influence, as well as history and progress, making it a popular attraction for tourists and locals. It's home to popular attractions like Miami-Dade Arena, Bayfront Park and the historic Freedom Tower offers a wide range of dining and shopping options, as well as high-rise residential buildings and well-connected by major roads and public transportation.

Brickell

Brickell is known for its high density, diverse population, and its many finance, law, and banking professionals; considered one of the best places to work for young professionals in Miami and a great example of a Miami-Style, urban center. With an estimated 75% of residents older than 25 holding at least a bachelor's degree and an approximate average household income of \$125,500, it's considered one of the most dynamic and upscale areas of the city.

Coconut Grove

Coconut Grove is a historic neighborhood established in 1825, known for its tropical greenery, historic buildings and bohemian ambiance, offering a diverse range of activities and places to visit, from the CocoWalk shopping center, the Barnacle Historic State Park, and the Coconut Grove Arts Festival, to boating, kayaking, and paddleboarding, considered one of the most vibrant and diverse neighborhoods in Miami and an attractive location for both locals and visitors.

Morningside

Morningside is known for its tree-lined streets, historic homes and quiet, residential atmosphere. With a population of around 6,700 residents, it has a median household income of \$106,250 and a median home value of \$1,096,600. The majority of residents are homeowners and it's considered one of the more established and sought-after neighborhoods in Miami, with a mix of vintage and new construction homes. It's conveniently located near cultural and recreational attractions, and major roads like I-95 and Julia Tuttle Causeway.

Bay Point

The homeowners of Bay Point privately own and maintain the streets of this gated community. It consists mostly of stunning waterfront homes directly on the Intracoastal Waterway. Given its excellent location and a strong sense of privacy, this neighborhood is famous for being one of the most secure and exclusive in Miami.

City of Miami, District 2

Edgewater

Known for its expansive parks and green spaces, Edgewater also offers a waterfront residential lifestyle ideal for families and young professionals. In recent years, Edgewater has become home to a vast amount of renovation and development, making it a great place to experience the fast-paced growth and innovation of Miami. However, it is important to make sure that local businesses are able to protect their essential workers and promote the private sector's ability to serve the community.
